Dear Lynn English Families,

It is my honor and privilege to serve as Acting Principal of Lynn English High School for the upcoming school year. As an alumna of LEHS, class of '89, and a former LEHS Department Chair, I am happy to return to the school I love. Building personal relationships is at the core of my beliefs, and I look forward to teaming with staff, students, and families to bring collaboration, innovation, and inspiration to learning.

For decades Lynn English has reflected a culture of academic excellence and has been represented by a diverse community of self-directed, life-long learners. I plan to nurture that tradition as well as integrate the Lynn Public School's mission of working together so our students learn to thrive, advance, and impact the greater community and the world. One of my first action steps will be to learn about the current needs of our school, so that I may make informed decisions about the direction for our growth. I would greatly appreciate your partnership by completing the family and community survey which will be shared with you in mid to late August through our Jupiter messaging system. Using this important data, I will work with staff and students to continue to move our school forward and to increase transparency among all stakeholders.

Some exciting new changes are afoot, and we are all learning to adapt. While last school year students learned to navigate their learning experience virtually, I am optimistic that we will be returning to our school building in some capacity this fall. The district is currently developing a plan for our start, keeping student and staff safety as a priority and providing a learning management system that will allow our students to use this online platform in their learning whether in school face to face or at home remotely. I am committed to keeping you updated regarding the fall schedule. In order to be sure that you are getting the most accurate information from the school and district, it will be important to have your most accurate phone number and email in our system. Please contact me via email at mowera@lynnnschools.org or by phone at 781-477-7366 if your information needs to be updated.

I ask you to please partner with us as we work to fulfill the intellectual, physical, and social-emotional potential of all our students. Our faculty and staff are committed to maintaining high expectations for learning in an environment of inclusivity and mutual respect.

Please keep informed of news and announcements on our school's website and calendar.

With warmest regards,
Anastasia Mower
