SCHOOL COMMITTEE OPERATIONAL GOALS

The Lynn School Committee is responsible to the people for whose benefit the school district has been established. The Committee's current decisions will influence the course of education in our schools for years to come. The Committee and each of its members must look to the future and to the needs of all people more than the average citizen finds necessary. This requires a comprehensive perspective and long-range planning in addition to attention to immediate problems.

The Lynn School Committee's primary responsibility is to establish those purposes, programs, and procedures that will best produce the educational achievement needed by our students. The Committee is charged with accomplishing this while also being responsible for wise management of resources available to the school district. The Committee must fulfill these responsibilities by functioning primarily as a legislative body to formulate and adopt policy, by selecting an executive officer to implement policy, and by evaluating the results. It must carry out its functions openly, while seeking the comments of public, students, and staff in its decision-making process. In accordance with these principles, the School Committee, through its operations, will seek to achieve the following:

1. To concentrate the Committee's collective effort on its policy making and planning responsibilities.

2. To formulate Committee policies that best serve the educational interests of each student.

3. To provide the Superintendent with sufficient and adequate guidelines for implementing Committee policies.

4. To maintain effective communication with the public it serves and with staff and students in order to maintain awareness of attitudes, opinions, desires, and ideas.
EVALUATION OF SCHOOL COMMITTEE

The Lynn School Committee will periodically establish realistic objectives related to Committee procedures and relationships. At the end of a specified length of time, the Committee will measure its performance against the stated objectives.

The following areas of School Committee operations and relationships are representative of those in which objectives may be set and progress appraised:

1. Communication with the public
2. School Committee - Superintendent relationships
3. School Committee - staff relationships
4. School Committee member development and performance
5. Policy development
6. Educational leadership
7. Fiscal management
8. School Committee meetings
9. Performance of subcommittees of the School Committee
10. Interagency and governmental relationships.

When the Committee has completed its self-evaluation, the members will discuss the results in detail and formulate a new series of objectives. At the same time, the Committee will set an approximate date on which the next evaluation will be conducted.

Implied in the concept of evaluation is an assumption that individuals and committees are capable of improvement. The School Committee believes that its performance will be improved if evaluation is carried out systematically in accordance with good planning, conscientious follow-through, and careful assessment of results.
SCHOOL COMMITTEE LEGAL STATUS

The Lynn School Committee consists of the mayor who shall be Chairperson, and six (6) members elected at large. It is the governing board of the public school district.

The School Committee possesses all powers and duties conferred upon it by state law. Certain legislative powers are also granted to the committee by the city charter and code. The committee alone may determine policies and practices and employ a staff to implement its direction for the proper education of the children of the City of Lynn.

SCHOOL COMMITTEE MEMBER ETHICS
(Massachusetts Association of School Committees Code of Ethics)

Preamble

The acceptance of a code of ethics implies the understanding of the basic organization of School Committees under the Laws of the Commonwealth of Massachusetts. The oath of office of a School Committee member binds the individual member to adherence to those state laws which apply to School Committees, since School Committees are agencies of the state.

This code of ethics delineates three areas of responsibility of School Committee members in addition to that implied above:

1. Community responsibility
2. Responsibility to school administration
3. Relationships to fellow Committee members

A School Committee member in their relations with their community should:

1. Realize that their primary responsibility is to the children.
2. Recognize that their basic function is to be policy making and not administrative.
3. Remember that they are one of a team and must abide by, and carry out, all Committee decisions once they are made.
4. Be well informed concerning the duties of a Committee member on both a local and state level.
5. Remember that they represent the entire community at all times.
6. Accept the office as a Committee member as means of unselfish service with no intent to "play politics," in any sense of the word, or to benefit personally from their Committee activities.

A School Committee member in their relations with their school administration should:

1. Endeavor to establish sound, clearly defined policies which will direct and support the administration.
2. Recognize and support the administrative chain of command and refuse to act on complaints as an individual outside the administration.
3. Give the chief administrator full responsibility for discharging their professional duties and hold them responsible for acceptable results.
4. Refer all complaints to the administrative staff for solution and only discuss them at Committee meetings if such solutions fail.

A School Committee in their relations with their fellow Committee members should:

1. Recognize that action at official meetings is binding and that they alone cannot bind the Committee outside of such meetings.
2. Realize that they should not make statements or promises of how they will vote on matters that will come before the Committee.
3. Uphold the intent of executive sessions and respect the privileged communications that exist in executive sessions.
4. Not withhold pertinent information on school matters or personnel problems, either from members of their own Committee or from members of other Committees who may be seeking help or information on school problems.

5. Make decisions only after all facts on a question have been presented and discussed.
SCHOOL COMMITTEE ORGANIZATIONAL MEETING

The committee shall organize on the first Monday in January after biennial elections. This meeting shall be called to order by the mayor, if present, who shall preside, or in their absence by the senior member of the Lynn School Committee, who shall preside until a Vice-Chair is chosen.

The Vice-Chair will be elected by a majority roll-call vote of the members present and voting. If no nominee receives a majority vote, the election will be declared null and void and nominations will be reopened.

Any vacancy among the officers occurring between organizational meetings will be filled by a member elected by the School Committee. The election will be conducted as described above. Following election of officers at its organizational meeting, the School Committee may proceed into such regular or special business as scheduled on the agenda.

SCHOOL COUNCILS

The Lynn School Committee believes that the school is the key unit for educational improvement and change and that successful school improvement is best accomplished through a school-based decision-making process. By involving those directly affected by any action or decision of the school council in the process of determining that action or decision, it helps to strengthen the commitment to those decisions by those most affected by its implementation.

Under this policy, the Principal shall have primary responsibility for the management of the school. Decisions which are made at the school level must be aligned with the budget, policies, curriculum, and long-range and short-range goals adopted by the School Committee. In addition, decisions must comply with any state and federal laws and regulations and with any negotiated agreements of the school district.

As enacted by the state legislature in the Education Reform Act of 1993, a school council shall be established in each school to advise the Principal in specific areas of school operation. The Principal, except as specifically defined in the law, shall have the responsibility for defining the composition of and forming the group pursuant to a representative process approved by the Superintendent and School Committee.

The following guidelines define the role of the school council:

1. Adoption of educational goals for the school that are consistent with state and local policies and standards.
2. Identification of the educational needs of the students attending the school.
3. Review of the school building budget.
4. Formulation of a school improvement plan that may be implemented only after review and approval by the School Committee.

LEGAL REFS.: M.G.L. 71:38Q, 71:59C
SCHOOL IMPROVEMENT PLAN

The Principal, in conjunction with the school council, shall be responsible for preparing a written school improvement plan annually. This plan shall be written with the advice of the school council and submitted for approval to the Superintendent and the School Committee. The plan should be drafted with the following in mind:

1. The educational goals for the school consistent with the goals and standards, including student performance standards, as adopted by the Massachusetts Board of Education and by the School Committee.

2. An assessment of the needs of the school in light of the proposed educational goals.

3. The means to address student performance.

4. Professional development for the school's professional staff.

5. The enhancement of parental involvement in the life of the school, safety, and discipline.

6. The development of means for meeting the diverse learning needs of every child.

7. Any further subjects as the Principal, in consultation with the school council, shall consider appropriate, except that:

   (a) the council shall have no authority over matters that are subject to Chapter 150E, the collective bargaining law, and

   (b) the council may not expand the scope of its authority beyond that established in law or expressly granted by School Committee policy.
SUBMISSION AND APPROVAL OF THE SCHOOL IMPROVEMENT PLAN

The written school improvement plan shall be submitted by the Principal to the Superintendent for approval by July 1 of each year. The approved plans will be provided to the School Committee.

Because the implementation of the plan is dependent on Superintendent approval, it is important that the school council be aware of certain expectations regarding the school improvement plan. The school improvement plan should:

1. Focus on improvement of student learning.
2. Specify expected student outcomes and measurable/observable results.
3. Align with the Mission of the school district and any goals and policies of the school district.
4. Be consistent with state and federal law, school district policy, established curriculum and negotiated agreements.
5. Clearly identify actions to be taken on how changes will be implemented.
6. Include a plan on how to solicit community support for the changes being developed.
7. Indicate anticipated costs and available funding sources.
8. Delineate the method of evaluating and reporting progress and results.

If the school improvement plan is not approved by the Superintendent, it shall be returned to the Principal with specific comments as to the reason(s). The Principal shall revise the plan in cooperation with the school council, and resubmit it for approval.
CONDUCT OF SCHOOL COUNCIL BUSINESS

The Principal shall, by law, serve as co-chair of the council. The second co-chair will be elected annually by the council members at its first meeting of the school year subsequent to the elections of new council members. The co-chairs will be responsible for the preparation of the agenda for the council meetings.

Principals shall meet with their respective councils a minimum of six times per year in order to insure that there is a formal mechanism of communication for parents, teachers and students (secondary level) to discuss school-wide issues and to discuss successes and problems to date and strategies for addressing the current issues facing the school community. Meetings will be held outside of school hours. At its first meeting of the school year, the council will set its calendar of regular meetings for the year. Where circumstances warrant, the council may choose to call additional meetings.

Consensus shall be used by school councils as the primary method to resolve issues and to formulate recommendations. Votes by majority may be taken at the discretion of the Principal and Roberts Rules of Order shall prevail if there are questions of procedure.

All meetings of the school council shall conform to the Open Meeting Law, Section 23A, B, and C, which stipulate that all meetings be open to the public, that meetings be posted at least 48 hours in advance, and that minutes of the meeting shall be maintained as required. The scope of the school council does not require, and therefore does not qualify for, executive session.

The Superintendent shall receive agendas and minutes of all school council meetings. The Superintendent shall provide copies of these materials to members of the School Committee for information.
SCHOOL ATTORNEY

Subject to acceptance of the provisions of the law, the Lynn School Committee may employ legal counsel for the general purposes of the committee from funds appropriated for school purposes. The following are among the general duties of legal counsel with reference to educational matters:

1. To advise and furnish the School Committee legal opinions, verbally and in writing, as directed, on all matters and questions of law, including interpretations of old and new statutes.

2. To attend School Committee meetings at the request of the School Committee.

3. To prepare legal instruments and contracts, including resolutions, advertising bids and all other legal papers as directed by the School Committee.

4. When needed, to commence and prosecute all legal action brought by the School Committee.

5. To represent and defend School Committee members and school system employees in any legal action against them which has arisen from the carrying out of regular responsibilities and the performance of regular duties. The School Committee may employ legal counsel in connection with collective bargaining with employee organizations for school employees and may spend up to a designated amount from funds appropriated for school purposes.

The School Committee will transact all business at official meetings of the Committee. These may be either regular or special meetings, defined as follows:

1. **Regular meeting**: the usual official legal action meeting, held regularly

2. **Special meeting**: an official legal action meeting called between scheduled regular meetings to consider specific topics.

Every meeting of the School Committee, regular or special, will be open to the public unless an executive session is held in accordance with state law.

EXECUTIVE SESSIONS

All meetings of the School Committee are open to attendance by the public and media representatives. However, the Committee has the right to convene in a closed executive session when it meets the following procedural conditions imposed by state law:

1. The committee will first convene in an open session for which due notice has been given.

2. The Chairperson (or, in their absence, the presiding member) will state the purpose for the executive session by stating all subjects that may be revealed without compromising the purpose for which the executive session was called.

3. A majority of the members must vote to enter the executive session, with the vote taken by roll call and recorded in the official minutes.

4. The Chairperson or presiding member will state before entering the executive session whether the Committee will reconvene in open session after the executive session.

The law puts specific limitations on the purposes for which executive sessions may be convened. The Committee may enter executive sessions only to deliberate:

1. The reputation, character, physical condition or mental health, rather than the professional competence, of a single individual, or the discipline or dismissal, including the hearing of charges against, a member of the committee, a school department employee or student, or other individual. The individual has certain rights enumerated in the law including requiring the committee to hold an open session should the individual so request.

2. Strategy with respect to non-union negotiations or to conduct collective bargaining sessions with non-union personnel.

3. Strategy with respect to collective bargaining or litigation, if an open meeting might have a detrimental effect. Collective bargaining may also be conducted.

4. The deployment of security personnel or devices.

5. Allegations of criminal misconduct or to discuss the filing of criminal complaints.

6. Transactions of real estate, if an open meeting might be detrimental to the negotiating position of the committee or another party.

7. To comply with the provisions of any general or specific law of federal grant-in-aid requirements.
8. To consider and interview applicants for employment by a preliminary screening committee (The only position that the school committee would be involved in that might qualify would be for the position of Superintendent.) This exemption only applies if it can be determined that an open meeting will have a detrimental effect in obtaining qualified applicants. This shall not apply to applicants who have passed a prior preliminary screening.

9. To meet or confer with mediator with respect to any litigation or public business.

10. To discuss trade secrets or confidential competitively-sensitive or other proprietary information conducted by a government body as an energy supplier.

(In the first case, an open meeting will be held if the individual involved so requests.)

Accurate records of the proceedings conducted in executive session will be kept and may remain secret only so long as their publication would defeat the purpose of the session.

The School Committee Chair and the Superintendent will review executive session minutes for possible declassification and, if necessary, will consult with legal counsel. The School Committee Chair will bring minutes recommended for declassification to the School Committee for a vote either as part of a consent agenda or for individual action. In either case, there shall be an announcement of the declassification of minutes.

When a specific set of executive session minutes, not yet declassified, is requested by a member of the public, the School Committee shall render a decision on declassification at its next meeting or within 30 days after the request, whichever occurs first.

All votes taken in executive session will be recorded roll call votes, and will become part of the minutes of executive sessions.

The Committee will follow the order of business established by the agenda except as it votes to rearrange the order for the convenience of visitors, individuals appearing before the Committee, or to expedite Committee business.

Any School Committee member, staff member, or citizen may suggest items of business. The inclusion of such items, however, will be at the discretion of the Chair of the Committee or a majority of the School Committee. A staff member who wishes to have a topic scheduled on the agenda should submit the request through the Superintendent.

The agenda will also provide for time when any citizen who wishes may speak briefly before the School Committee.

The agenda, together with supporting materials, will be distributed to School Committee members no less than three business days prior to the meeting to permit adequate time to prepare for the meeting.

Agendas will be posted and made available to the press.

BROADCASTING AND RECORDING OF MEETINGS

All committee meetings and subcommittee meetings of the School Committee shall be recorded. These recordings will be kept for two years in the school department safe, available for use by the Lynn School Committee or a member thereof.
SPECIAL PROCEDURES FOR CONDUCTING HEARINGS

In conducting all public hearings required by law, and others as it deems advisable, the Lynn School Committee will:

1. Give due and public notice in line with statutory requirements and seek to publicize the meeting in all local media.

2. Make available printed information on the topic of the hearing.

3. Give all persons an equal opportunity to be heard in accordance with the committee's policy.

The chairperson of the committee will preside at the hearing.

The public will be informed at the beginning of the hearing of the particular procedure that will be followed in regard to questions, remarks, rebuttals, and any time limitations or other rules that must be followed to give everyone an opportunity to be heard.

In conformance with customary hearing procedures, statements and supporting information will be presented first by the committee, or by others for the committee; to comment, citizens must be recognized by the chair, and all remarks must be addressed to the chair and be germane to the topic. To assure that all who wish get a chance to speak, the chair will recognize persons who have not commented previously during the hearing before recognizing persons who wish to remark a second time.
SCHOOL COMMITTEE POLICY DEVELOPMENT

The School Committee will develop policies and put them in writing so that they may serve as guides for the discretionary action of those to whom it delegates authority.

The formulation and adoption of these written policies will constitute the basic method by which the School Committee will exercise its leadership in providing for the successful and efficient functioning of the school district. Through the study and evaluation of reports concerning the execution of its policies, the School Committee will exercise its control over school operation. The School Committee will consult with legal counsel in the development and revision of policies.

The School Committee accepts the definition of policy set forth by the National School Boards Association:

```
Policies are principles adopted by a School Committee to chart a course of action. They tell what is wanted; they may include why and how much. Policies should be broad enough to indicate a line of action to be followed by the administration in meeting day-to-day problems, yet be specific enough to give clear guidance.
```

The policies of the School Committee are framed, and are meant to be interpreted in terms of state law, regulations of the Massachusetts Board of Elementary and Secondary Education, and other regulatory agencies of the various levels of government.
POLICY ADOPTION

Adoption of new policies or changing existing policies is solely the responsibility of the School Committee. Policies will be adopted and/or amended only by the affirmative vote of a majority of the members of the School Committee when such action has been scheduled on the agenda of a regular or special meeting.

To permit time for study of all policies or amendments to policies and to provide an opportunity for interested parties to react, proposed policies or amendments will be presented as an agenda item to the Committee in the following sequence:

1. Information item - distribution with agenda

2. Discussion item - reading of the proposed policy or policies; response from Superintendent; report from any advisory committee assigned responsibility in the area; Committee discussion and directions for any redrafting

3. Action item - discussion, adoption or rejection, tabling, referring to subcommittee or other action.

Amendments to the policy at the action stage will not require repetition of the sequence, unless the Committee so directs.

The School Committee may dispense with the above sequence at the discretion of the Committee.

Policies will be effective upon the date set by the School Committee. This date will ensure that affected persons have an opportunity to become familiar with the requirements of the new policy prior to its implementation.
POLICY REVIEW AND EVALUATION

In an effort to keep its written policies up to date so that they can be used consistently as a basis for School Committee action and administrative decision, the committee will review its policies on a regular basis.

The School Committee will evaluate how the policies have been executed by the school staff and will weigh the results. It will rely on the school staff, students, and the community for providing evidence of the effect of the policies it has adopted.

The Superintendent is given the continuing commission of calling to the committee’s attention all policies that are out of date or for other reasons appear to need revision.

The School Committee directs the Superintendent to periodically recall all policy and regulations manuals for administrative updating and committee review.
SCHOOL COMMITTEE REVIEW OF PROCEDURES

It is expected that the Superintendent and administrative staff will need to issue procedures implementing policies of the Lynn School Committee. Many of these will be routine from year to year; others will arise in special circumstances; some will be drawn up under specific directions from the committee.

The committee may review the procedures developed by the Superintendent for the school district whenever they appear inconsistent with policy, goals, or objectives of the district, but it will revise or veto such procedures only when, in the committee's judgment, they are inconsistent with policies adopted by the committee.

The committee will not officially approve procedures except as required by state law or in cases when strong community attitudes, or possible student or staff reaction, make it necessary or advisable for a procedures to have the committee's advance approval.

Rules Pertaining to Staff and Student Conduct

Under Massachusetts law, the Superintendent is required to publish "rules and regulations pertaining to the conduct of teachers and students which have been adopted." Codes of discipline, as well as procedures used to develop such codes shall be filed with the Department of Education for information purposes only. Standards of conduct will be included in staff and student handbooks. These handbooks will be reviewed and approved annually by the School Committee.

LEGAL REF.: M.G.L. 71:37H
POLICY DISSEMINATION

The Secretary of the Lynn School Committee is directed to establish and maintain an orderly plan for preserving and making accessible the policies adopted by the Committee and the regulations needed to put them into effect.

Accessibility is to extend to all employees of the school district, to members of the Committee, and to all persons in the community through an online posting of the policy manual. A policy concerning a particular group or groups in the schools will be distributed to those groups prior to the policy's effective date.

All policy manuals distributed to anyone will remain the property of the Committee and will be considered as "on loan" to anyone, or any organization, in whose possession they might be at any time. They are subject to recall at any time deemed necessary for purposes of updating.

The School Committee's official policy manual will be considered a public record and will be available for inspection at the Superintendent's office.
SUSPENSION OF POLICIES

The operation of any section or sections of School Committee policies not established by law or contract may be temporarily suspended by a two-thirds vote of Committee members present at any regular or special meeting. Any action to suspend policy must be reviewed at the next scheduled meeting and will be so noted on the agenda for that meeting.
SCHOOL COMMITTEE-STAFF COMMUNICATIONS

The Lynn School Committee wishes to maintain open channels of communication between itself and the staff. The basic line of communication will, however, be through the Secretary of the School Committee.

Staff Communications to the School Committee

All communications or reports to the committee or any of its subcommittees from Principals, supervisors, teachers, or other staff members will be submitted through the Secretary. This procedure does not deny the right of any employee to appeal to the committee from administrative decisions on important matters, except those matters that are outside of the committee's legal authority, provided the Superintendent has been notified of the forthcoming appeal and that it is processed in accordance with the committee's policy on complaints and grievances. Staff members are also reminded that committee meetings are public meetings. As such, they provide an excellent opportunity to observe first-hand the committee's deliberations on problems of staff concern.

School Committee Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Secretary. The Secretary will develop appropriate methods to keep staff fully informed of the committee's problems, concerns and actions.

Visits to Schools

Individual School Committee members interested in visiting schools or classrooms will inform the Superintendent of such visits and make arrangements for visitations through the Principals of the various schools. Such visits will be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes. Official visits by committee members will be carried on only under committee authorization.
USE OF ELECTRONIC MESSAGING BY SCHOOL COMMITTEE MEMBERS

As elected public officials, School Committee members shall exercise caution when communicating between and among themselves via electronic messaging services including, but not limited to, electronic mail (e-mail), text messages, social media postings, internet web forums, and internet chat rooms.

Under the Open Meeting Law, deliberation by a quorum of members constitutes a meeting. Deliberation is defined as movement toward a decision including, but not limited to, the sharing of an opinion regarding business over which the Committee has supervision, control, or jurisdiction. A quorum may be arrived at sequentially using electronic messaging without knowledge and intent by the author.

School Committee members should use electronic messaging between and among members only for housekeeping purposes such as requesting or communicating agenda items, meeting times, or meeting dates. Electronic messaging should not be used to discuss Committee matters that require public discussion under the Open Meeting Law.

Under the Public Records Law, electronic messages between public officials may be considered public records. Therefore, in order to ensure compliance, the School Committee Chair, in consultation with the Superintendent of Schools, shall annually designate a member of the central office staff who shall be copied on all electronic mail correspondence between and among members of the School Committee, or the district shall provide district e-mail addresses, which are archived. These copies shall be printed and retained in the central office in the same fashion as any other School Committee records. School Committee members who do not have a computer or access to these messages shall be provided copies on a timely basis.

SCHOOL COMMITTEE CONFERENCES, CONVENTIONS, AND WORKSHOPS

To provide continuing in-service training and development for its members, the School Committee encourages the participation of all members at appropriate School Committee conferences, workshops and conventions. However, in order to control both the investment of time and funds necessary to implement this policy, the Committee establishes these principles and procedures for its guidance:

1. The School Committee shall be made aware of School Committee conferences, conventions and workshops. The Committee will periodically decide which meetings appear to be most promising in terms of producing direct and indirect benefits to the school district.

2. Funds for participation at such meetings will be budgeted for on an annual basis. When funds are limited, the Committee will designate which of its members would be the most appropriate to participate at a given meeting.

3. When a conference, convention, or workshop is not attended by the full Committee, those who do participate will be requested to share information, recommendations and materials acquired at the meeting.

SCHOOL COMMITTEE LEGISLATIVE PROGRAM

The Lynn School Committee, as an agent of the state, must operate within, the bounds of state and federal laws affecting public education. If the committee is to meet its responsibilities to the residents and students, it must work vigorously for the passage of new laws designed to advance the cause of good schools and for the repeal or modification of existing laws that impede this cause. To this end:

1. The committee will keep itself informed of pending legislation and actively communicate its concerns and make its position known to elected representatives at both the state and national levels.

2. The committee will work with its legislative representatives (both state and federal), with the Massachusetts Association of School Committees and other concerned groups in developing an annual, as well as a long-range legislative program. One of the major objectives of the committee's legislative program will be to seek full funding for all state and federally mandated programs.

3. The committee will annually designate a person--who may or may not be a member of the committee--to serve as its legislative representative. This person will be authorized to speak on the committee's behalf with respect to legislation being considered by the Massachusetts Legislature or the United States Congress or their respective committees. In all dealings with individual elected representatives, the Legislature or Congress, the committee's representative will be bound by the official positions taken by the School Committee.
SCHOOL COMMITTEE MEMBERSHIPS

The committee will maintain memberships in the national, state and regional School Committees (boards) associations and take an active part in the activities of these groups.

It may also maintain institutional memberships in other educational organizations, which the executive officer and committee find to be of benefit to members and personnel.

The materials and benefits of institutional memberships will be distributed and used to the best advantage of the committee and the staff.
