CMP101A - Prerequisite: Accuplacer Reading score of 56-67 or Reading score of 68+ with writing score of 0-3

Emphasis is on developing skills of writing, reading, analytical thinking, and research. Students are introduced to ideas in readings from a variety of disciplines and learn to organize material, analyze ideas, and produce clear writing.

Fulfills open and liberal arts electives.

This is an Accelerated Learning Program Course – must be taken with the COM015.

COM015 – Accuplacer Reading score of 56-67 or Reading score of 68+ with writing score of 0-3

This course will inform and grow out of the companion Composition 1 Course. Students will acquire the ability to write a clear, unified and grammatically correct essay, using this class time to break down, analyze and extend material which is related to the Composition 1 course. All phases of the writing process are practiced. This course integrates reading and writing to enable students to develop and reinforce their communication skills. In addition, this course helps students apply their skills to other writing activities so they may achieve success in college.

This is an Accelerated Learning Program Course – must be taken with the CMP101A.

11 seats in each co-course section
