RE: Friends of Lynn Woods

Dear Mayor Kennedy:

This letter is written in response to inquiries from your office in regard to our organization's position on the two proposed schools in the city.

The Friends of Lynn Woods was formed to ensure the perpetual existence of the Lynn Woods Reservation as outlined by the Indentured Trust of December 1881. Our aim is to protect the woods from development and exploitation, and maintain the woods as a natural and unspoiled forest preserve. Because the two parcels in question are not within Lynn Woods Reservation, the Friends of Lynn Woods has no opinion on the proposed schools.

Thank you for asking.

Sincerely,

Jane M. Kelley
President
