

# Fun Autumn Activities at Ford

## **Ford Autumn Activity**

In the month of October, Ford families came to school to pick up learning materials that included a fun Autumn activity. First graders made a "Falling for Me" tree telling us all about themselves while creating beautiful Autumn trees. Second and third graders were able to create a fall wreath using tissue paper leaves in all the Autumn colors. Fourth and fifth graders received scratch art leaves to tap into their creativity to make gorgeous Autumn leaves. Here are some of the results of our creative Ford scholars!!
