## School Committee Survey on Superintendent: This will be input from Parents/Guardians with children in Lynn Public Schools

The Lynn School Committee is requesting a survey to receive input from parents on Superintendent Tutwiler's performance this year. We need this data to assist with this year's evaluation in the following areas:

- Culture and climate
- Climate continued cycle of improvement
- District initiatives
- Internal and public support for facility needs
- Changes to curriculum to assure alignment of curriculum instruction and assessment needs
- Effective teaching techniques are in place, that all instructional resources are used to maximize student achievement, and includes feedback from administrators on professional development needs for their individual schools
- Instructional Technology support for our school communities
- Supervision and support of schools
- Ethical practices promoting moral and ethical practices in every classroom, every school and throughout the district

This survey will be taken anonymously and the superintendent and the school committee members can see the actual results, how many participants and the levels of participants to help with the evaluation of his goals. Nobody's name is exposed...truly anonymous. **Please complete the survey by January 20, 2022.**
